Full Market Cycles:
This chart indicates how bull market gains became mediocre returns across full market cycles. Note that returns are similarly impacted regardless of what comes first, the bull or the bear.

When is the Next Big Move?

Markets Move in Cycles, S&P 500 Index, 12/8/94 – 12/31/18

Unsurprisingly, the further into a cyclical move the greater the probability of a market reversal. Is now the time to play defense?
